

SCOPE

The Nanotube (NT) conference series is one of the most influential scientific meetings in the field of nanoscience and nanotechnology. It aims to disseminate the latest advances in both the science and technology of carbon nanotubes and the other related low-dimensional materials.

The nineteenth conference–NT18, will be held on July 15-20, 2018 at the Centennial Lecture Hall of Peking University, Beijing, China. We are looking forward to your participation.
